

Breath of Innovation: Scaling Fresh Together

Fresh Futures - New Flavor Concepts for TheraBreath

The Flavor Factory x Church & Dwight Capabilities Workshop | July 26 | Norco, California

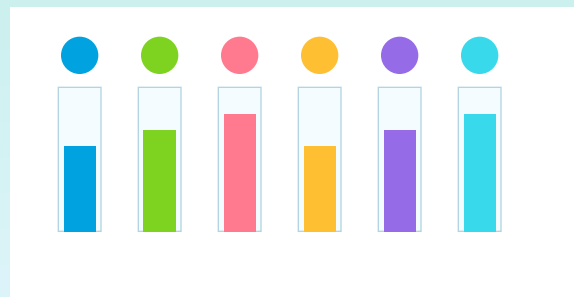

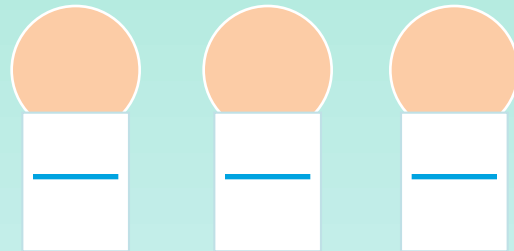

Welcome to the Capak

A focused, hands-on session
designed to align operational
excellence, flavor innovation,

Fresh thinking.
Disciplined execution.

Modern sensory tasting lab

Colorful samples. Expert panels. Clear decisions.

Dear TheraBreath Team,

Thank you for joining us at The Flavor Factory for this capabilities review. As your long-standing flavor partner, we are excited to share not only our current capabilities but a bold vision for the future of fresh breath.

This booklet highlights five new prototype concepts developed specifically for your growth trajectory. Each was crafted in our labs with your core values - clean, effective, and sensorially superior - in mind.

We look forward to your candid feedback and to co-creating the next chapter of TheraBreath innovation together.

Sincerely,

Dan Wixted

President, The Flavor Factory

Table of Contents

1. Our Partnership with TheraBreath	5
2. The 4 Pillars of Capabilities	6-9
3. Flavor Trends Shaping Oral Care	10
4. New Prototype Concepts	11-15
Berry Bliss	11
Tropical Oasis	12
Crisp Cucumber Mint	13
Citrus Ginger Spark	14
Dessert Mint Dream	15
5. Sensory Evaluation Guide	16
6. Your Feedback & Scoring	17
7. Co-Creation & Next Steps	18

A Proven Partnership Built on Trust

- Multi-year collaboration delivering exceptional quality
- Dedicated TheraBreath production room
- Consistent 99%+ OTIF performance
- Significant volume growth year-over-year
- Trusted partner for core mint portfolio

We view TheraBreath as more than a customer - you are a strategic growth partner.

1. Resiliency & Business Continuity

We're Built to Scale and Protect Your Supply

- Capacity planning and ability to scale
- Dedicated TheraBreath production room
- Redundancy and risk mitigation (equipment, raw materials, personnel)
- Quality systems and compliance infrastructure
- Disaster recovery and contingency planning

04

2. Innovation & Technical Capabilities

Creating the Next Generation of Fresh

- Flavor creation capabilities and trend identification
- Proactive ideation and new product development
- R&D investment and technology roadmap
- Consumer insights and sensory science resources
- Support for new formats and adjacencies

01

02

03

04

3. Supply Chain & Operations

Reliable. Scalable. Transparent.

- Current manufacturing footprint and recent investments
- Lead times, OTIF performance, and scalability
- Raw material sourcing strategy and supply security
- Multi-site and geographic coverage

Flavor Trends Shaping Oral Care

1 Functional + sensory pleasure (wellness + freshness)

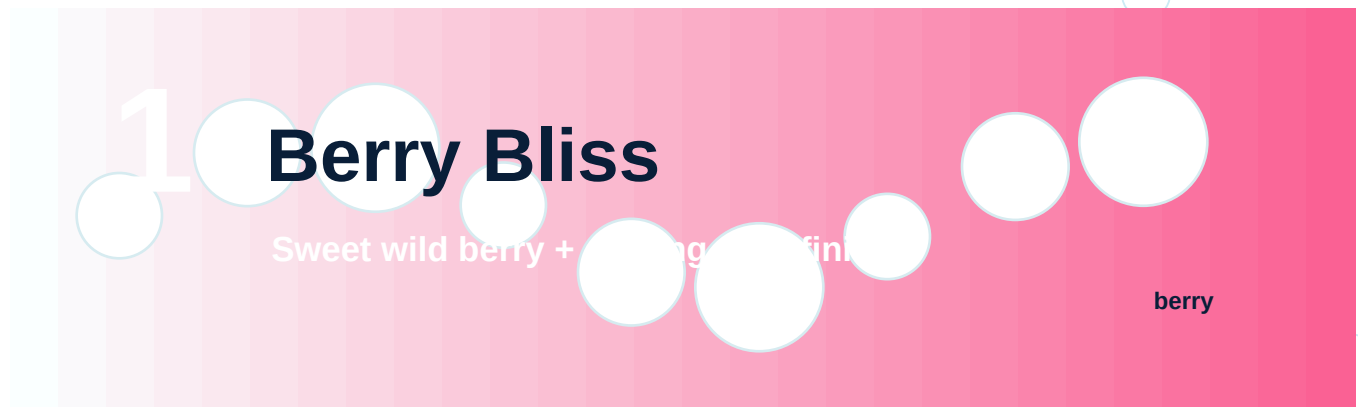

2 Beyond mint: dessert, tropical, herbal-calming

3 Clean-label, natural-forward profiles

4 Kid-friendly & adult indulgence options

5 Seasonal & limited-edition excitement

Berry Bliss

SENSORY PROFILE

Top - Juicy strawberry & raspberry; Heart - Subtle blueberry; Finish - Signature TFF cooling mint

IDEAL APPLICATIONS

Kids line, gums, lozenges, seasonal promotions

SUGGESTED CLAIMS

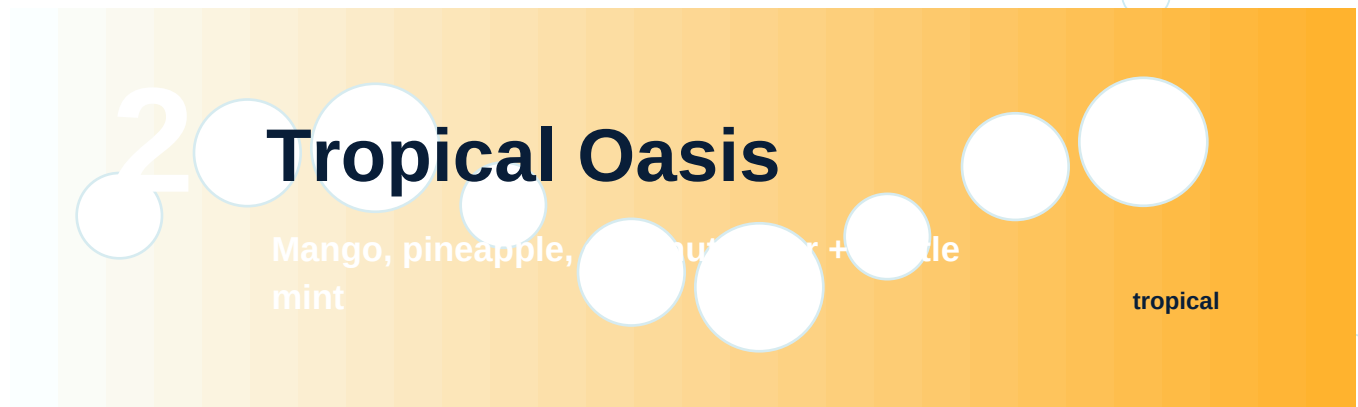

"Fun, Fresh Breath Kids Love" "Juicy Freshness That Lasts"

TASTING NOTES

Approachable, playful, and perfectly masks any metallic notes while delivering long-lasting freshness.

Workshop prompt: What role could this profile play in the TheraBreath portfolio?

Tropical Oasis

SENSORY PROFILE

Top - Bright mango & pineapple; Heart - Creamy coconut water; Finish - Gentle mint cooling

IDEAL APPLICATIONS

Summer seasonal, travel sizes, dry-mouth relief

SUGGESTED CLAIMS

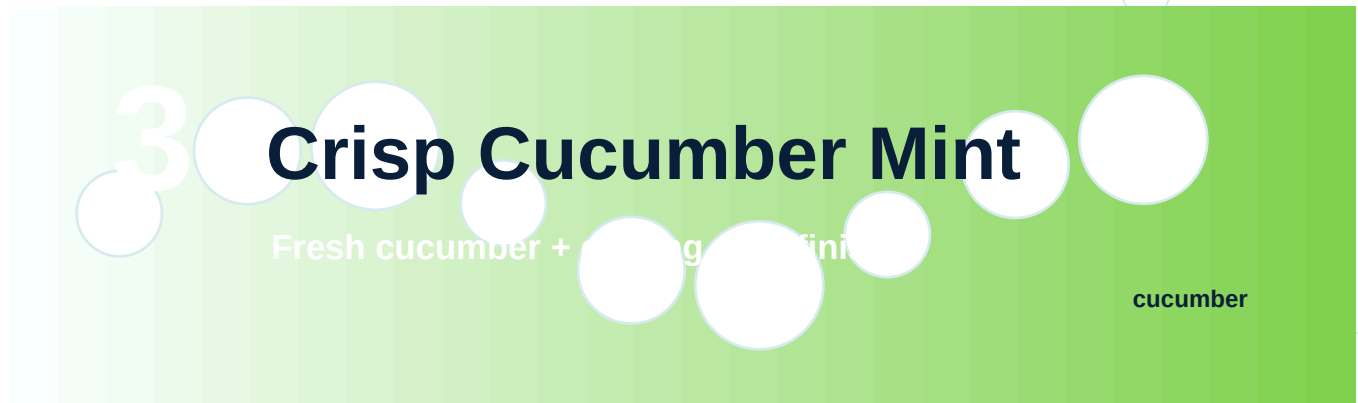

"Escape to Fresh" "Bright, Juicy, Island-Inspired Freshness"

TASTING NOTES

Vacation in a bottle - energizing yet gentle and incredibly refreshing.

Workshop prompt: What role could this profile play in the TheraBreath portfolio?

Crisp Cucumber Mint

SENSORY PROFILE

Top - Crisp, watery cucumber; Heart - Light herbal freshness; Finish - Signature TFF cooling mint

IDEAL APPLICATIONS

Daily rinse, hydration-focused line, sensitive mouths, sports/performance

SUGGESTED CLAIMS

"Cool, Clean Breath That Lasts" "Hydrating Freshness"

TASTING NOTES

Crisp, spa-like freshness that delivers an ultra-clean mouthfeel and long-lasting coolness.

Workshop prompt: What role could this profile play in the TheraBreath portfolio?

Citrus Ginger Spark

SENSORY PROFILE

Top - Zesty lemon-lime; Heart - Warming ginger kick; Finish - Crisp mint

IDEAL APPLICATIONS

Functional (digestion + breath), energizing line

SUGGESTED CLAIMS

"Spark of Fresh" "Invigorating Clean with a Gentle Kick"

TASTING NOTES

Clean, bright, and slightly spicy - leaves a memorable, energized mouthfeel.

Workshop prompt: What role could this profile play in the TheraBreath portfolio?

Dessert Mint Dream

SENSORY PROFILE

Top - Warm vanilla bean; Heart - Hint of chocolate mint; Finish - Signature cooling

IDEAL APPLICATIONS

Premium line, limited edition, adult indulgence

SUGGESTED CLAIMS

"Sweet Escape, Clean Finish" "Guilt-Free Dessert Breath"

TASTING NOTES

Indulgent yet sophisticated - the perfect balance of treat and treatment.

Workshop prompt: What role could this profile play in the TheraBreath portfolio?

How to Taste Like a Pro

1

Swish 10-15 ml for 10 seconds

2

Note initial aroma, flavor intensity, cooling effect

3

Evaluate aftertaste & duration of freshness

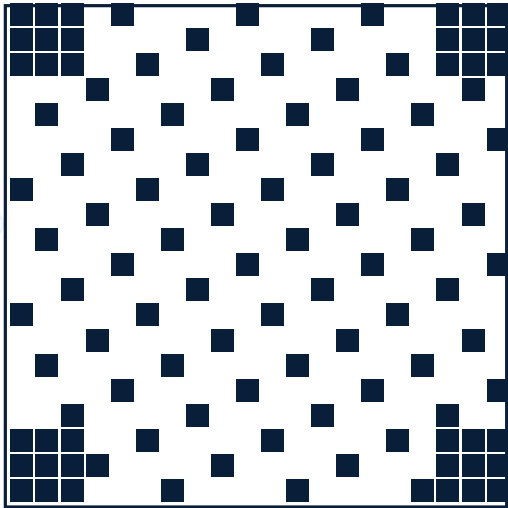

4

Rate overall liking and purchase intent

PAGE 17 - Your Feedback

Flavor	Overall Liking (1-10)	Uniqueness	Purchase Intent	Comments / Suggested Improvements

Co-Creation & Next Steps

We are ready to move fast:

- Compound larger pilot batches
- Conduct formal sensory panels with your consumers
- Develop custom claims & packaging concepts
- Scale winners into full production
